Subject: testimony in favor of H 5789

To Chairman Abney & members of the committee,

This expansion of the TDI & TCI programs is especially needed in the time of COVID. And it is time that the people who has come out in the best shape, plus have the most to contribute, be asked to give just a bit more to fund these programs. Rhode Island has the lowest amount of weeks budgeted for TDI/TCI beneficiaries and it is well past due time we give people who need this lifeline get a boost. We all pay into it, and we all benefit with a better, more vibrant society as a result. Passing this bill will get us in line with national benchmarks, and should be swiftly considered by the committee expeditiously.

Thank You,

Jordan Goyette
